

Based on our years of Coaching experience and our research, we are developing an ICAN Coach professional certification program in partnership with the Institut du Savoir Montfort.

The ICAN Coach professional certification program is designed for healthcare professionals to help them apply and adapt health coaching competencies in all healthcare settings. Through the proposed training program, coaches will acquire the following competencies:

- Meeting ethical and professional standards
- Establishing the Coaching Agreement
- Establishing trust and intimacy
- Coaching presence
- Active listening
- Powerful questioning
- Direct communication
- Creating awareness
- Designing actions
- Planning and goal setting
- Managing progress and accountability

The next ICAN Coach Fundamentals Workshop will be held November 20-21

Take the next step.

"A fulfilling aspect of my role as a Cancer Coach is coaching other coaches. I love witnessing the profound shift that happens when they realize that coaching is not about being the expert with all the answers. The essence of coaching is empowerment, facilitating people to tap into their core strengths and values to change their lives for the better."

- Bonney Elliott, M.Ed., NP, RP, RYP, Cancer Coach
